

About Us

Metro Housing Collaborative (MHC) is made up of 50+ community partners from Douglas, Sarpy, and Pottawattamie counties. We have joined together to grow relationships with our neighborhood property owners and managers (POMs) to provide creative solutions to help end homelessness.

Metro Housing Collaborative

Bridging Gaps, Creating Collaborations

CONNECTIONS: A SHARED HOUSING INITIATIVE

Interested in Shared Housing?

**Providing Creative
Solutions For
Affordable Housing**

Benefits

How It Works

Share rental and utility cost

Stable and reliable housing

Reduce isolation

The option to choose your housemate(s)

Variety of locations, floor plans and amenities

Peer navigation support

Access to matching software

Access to case management and community resources

You complete a questionnaire and answer compatibility questions which will be used to identify potential roommates for you. MHC will identify roommate option based on similar preferences.

After an introductory meeting between you and your potential roommate, you will have the opportunity to consent to move forward or to be rematched.

MHC works with you to identify available units based on your preferences. This includes unit viewings and application submissions.

MHC supports you and your new roommates through the lease signing, development of a housemate agreement and provides ongoing support for the duration of the lease.

What Is Shared Housing?

Shared Housing is when two or more individuals share a living space and costs associated with maintaining housing, such as rent and utilities.
